

REMARKS

Reconsideration of the application is requested in view of the amendment to the claims and the remarks presented herein.

The claims in the application are claims 4 to 8, 10, 11 and 13 to 15, all other claims having been cancelled.

All the claims were rejected under 35 USC 112, first paragraph for not being enabling except for alleviating withdrawal symptoms associated with alcohol, amphetamine and morphine withdrawal and the present amendment obviating this ground of rejection since claim 11 has been so limited. It is believed that the amended claims are also free of the 35 USC 112, second paragraph rejection in view of the amendments and the rejection based on 35 USC 103 is also deemed obviated. Therefore, withdrawal of these rejections is requested.

Claims 4, 5 and 10 to 16 have been rejected on obviousness-type double patenting rejection over U.S. Patent No. 6,936,285 and Applicants are submitting herewith a Terminal disclaimer and PTO Form 2038 for \$130 for the disclaimer fee which obviates this ground of rejection.

In view of the amendment to the claims and the above remarks, it is believed that the claims point out Applicants' patentable contribution. Therefore, favorable reconsideration of the application is requested.

Respectfully submitted,
Hedman and Costigan
